C#/Java

Microsoft ASP .NET Core

Object Oriented Programming

Python

LANGUAGES

English

Urdu

Punjabi

PROFILE

Trends & technologies change, and with them society refashions. But the desire to stay ahead of time remains prevalent. As technical individuals of society, this puts a lot of burden on us, the Programmers. The need is always there, but systematic solutions to it lacks. I wish to stand on a vantage point where pragmatics meets creativity, experiences get integrated to technology, and ideas manifests into materials.

EDUCATION

BS, Computer Science, COMSATS University Islamabad, Abbottabad Campus, Abbottabad

Aug 2019

DLSEI HEC, COURSERA

Jan 2020

Intermediate, Computer Science, SUPERIOR COLLEGE, Lahore

Jan 2018 - Mar 2019

EXPERIENCE

Google DSC Lead, Google Developer Student Club

Aug 2021

Google Developer Student Clubs are university-based community groups for students interested in Google developer technologies. It was a great honour that I bring the Google DSC first time in the history of COMSATS Abbottabad and became the founder leader of it. I have built various projects and conducted different tech workshops under the banner of Google DSC.

Microsoft ASP .NET Core, Google Developer Student Club

Sep 2021
